

A game for up to 6 players.

Print the sheets out. We recommend the clock faces and bingo cards are laminated for re-use.

Each player needs a whiteboard marker. They should each choose a bingo card.

Shuffle the clock faces and place faces face down in the middle of the table. Each player takes it in turns to turn over the top clock. If any player has the corresponding time on the bingo card they can cross it off. The clock is returned to the bottom of the pile.

Play continues until a player has crossed off all their times. The first player to cross out all six times and shout bingo is the winner.

The cards can then be swapped and play can be repeated.
